

## Index of Names

Names within the text are those in the materials from which they were drawn. This index includes more complete forms, subsequent changes, and verifiable variants. Requests by some persons that specific forms be used were honored. The author and publisher would be pleased to make revisions upon request from the individual.

Citations in the online supplementary materials are indicated by W (for website), the number of the chapter, and the number of the item. See, for example, the entry for Abbington, where “W8.3” directs to the website, chapter 8, item 3.
